

The most fascinating aspect of a trip is when distant lives cross each other. Lives different from ours: diverse humanities in terms of culture, language and lifestyle. Faces and names that you may forget after a while but that leave fragments of that trip in your memory, more than anything else. Getting to know the locals and sharing a piece of your stay with them means discovering places you wouldn't have seen, or angles you wouldn't have enjoyed otherwise.

Bastastress® is a formula that differs from the normal tourist deals. Forget about the stress of crowded beaches with expensive sunbeds, or about long queues and tired tourists. You won't be a number, but a special guest of a couple of new friends that will make you experience the wonderful views of the Gulf of Naples and its islands.

You'll always be at the right place at the right time, because Claudio and Eider are skilled in making the most out of their little free time. They know the right bays, coves, bars, restaurants, and tours; they're expert enough to plan your day in the best way possible. Every moment is unique, especially in a trip.

bastastress®
sailcharter

Bastastress® is a 12,5 meter sailboat, built in 2011. It has 3 double cabins and two bathrooms (one equipped with a shower). A comfortable dinette with a tv, magazines and a nice library: a space that allows to pleasantly live the sailboat even indoors.

The deck is in teak wood and has an ample sunbathing area. As the sole owners, Claudio and Eider never destined the sailboat for charter services in order to preserve it in the best way possible.

The settings, especially the bathrooms and the kitchen, are well cleaned and the cabins have mosquito screens, wardrobes and other comforts.

Claudio is an advertiser: he's 40, from Naples and is passionate about the sea. He's one of the most well known and appreciates creatives in Naples; He's calm and agreeable, when he's on his boat he loves to cook typical pasta dishes - some of them quite delicious!

Eider is a designer, she's 37 years old and is Spanish - more precisely a Basque. She has a natural artistic talent in painting and drawing, and loves the sea - especially the sun. She's discreet and fun at the same time. When Claudio manages to catch a fish by trolling, she wonderfully cooks it in the oven.

Uffa is the boat's mascot: a micro-dog weighing 3kg, a wirehaired dachshund with a Louis Vuitton collar (classy!) but more than a dog she looks like a stuffed animal. Quiet, sleepy, smelling good even when wet, she does not bite and almost never barks - but she'll be there if there's something to eat!

Why Bastastress®?

To live a different charter experience than traditional charters or tourist tours.

To see Sorrento, Positano, Capri, Ischia, Procida and much more accompanied by people that, just like you, try to enjoy free time by enhancing its every moment.

To listen to the sounds of the sea avoiding noisy engines and always respecting nature.
